TSCA Interagency Policy Group,

To follow up on my previous message, we recognize that this is a very short timeline and appreciate input you're able to provide given the statutory deadlines for publication. Based on feedback from a number of folks, OCSPP has now decided to accept comments until Thursday COB (6/15), and would just ask those agencies intending to submit comments to be available for discussion on or before Friday 6/16 if needed. Again, comments should be directed to Angela Hofmann, director of OCSPP's Regulatory Coordination Staff.

## Ex. 5 - Deliberative Process

# Ex. 5 - Deliberative Process

In terms of immediate next steps, OCSPP will work swiftly to incorporate edits and/or resolve issues identified by this group. OCSPP expects to publish the first 10 scope documents and a Federal Register Notice next week. OCSPP will also re-open the existing dockets for the first 10 chemicals to allow for the submission of additional data or information that could be useful to the Agency in conducting problem formulation, the next step in the process of conducting the risk evaluations for these chemicals.

Thanks in advance,

Ryan

Ryan,

Thank you for your message. Unfortunately the proposed timeline will not afford DoD with enough time to provide a meaningful review. We are refraining from commenting and will seek to engage at a later date to provide feedback on the scoping for each of the 10 chemicals.

Please provide us with additional information regarding the review process that EPA plans to follow. For example, will these documents be published in the federal register?

Thank you,  
Tricia

TSCA Interagency Policy Group,

FYI, OCSPP is pleased to provide the latest working drafts of the risk evaluation scope documents for the first 10 chemicals under TSCA. OMB will also be sharing these documents with the staff Interagency reviewers who have been engaged on the TSCA Framework rules. Any comments can be directed to Angela Hofmann ([hofmann.angela@epa.gov](mailto:hofmann.angela@epa.gov) <Caution-mailto:hofmann.angela@epa.gov> no later than COB this Wednesday (6/14)

Thanks,

Ryan

Ryan N. Schmit
